Harvest Information	2020 was an exceptional growing season. A mild winter and a warm spring led to budbreak occurring about 2 weeks ahead of normal, leading to a long growing season with great flavor development.
Winemaking Method	Aged for 16 months in French oak, no new barrels were used to ensure bright fruit characteristics. Fermented in stainless steel for 4 weeks before being pressed to neutral French oak for ML completion.

Our Story

The founders of Daughters & Sons have (collectively) been involved in wine making for several decades now, and focus on minimal intervention winemaking to showcase each variety & vintage to its fullest, not manufacturing the same product year in and year out.

“Daughters & Sons” was created to provide a legacy in the wine business, but with a style of wine that reflects what we like about wine. So, we make the wine in a style that we also consume:

Simple wines made for family gatherings.
